CONFIDENCE IN CONCRETE™

| TECHNICAL DATA        |                                               |
|-----------------------|-----------------------------------------------|
| Mechanical Resistance | Vertical Strength 400kN                       |
| Approx Weight         | 40 KG                                         |
| Opening Size          | Ø230                                          |
| Watertightness        | No Leakage of joint or unit at 30kPa          |
| Durability            | Adequate for normal serviceability conditions |

| FEATURES                               |   |
|----------------------------------------|---|
| Integrated Base Opening                | ✓ |
| Manufactured to the highest standards. | ✓ |
| Steel Reinforced                       | ✓ |
| Integrated Steps                       |   |
| Integrated Lifting Sockets             |   |
| REV_06                                 |   |

All Products are manufactured in compliance with EN 1917:2002&AC:2008 Concrete Manholes and Inspection Chambers Un-Reinforced, Steel, Fibre, And Reinforced. Profiles, sizes, weights are given as an indication only. The manufacturer reserves the right to modify these at any time without notice.
